3) Windows10 Download

<https://www.microsoft.com/ko-kr/evalcenter/evaluate-windows-10-enterprise>

The screenshot shows the Microsoft website's evaluation center for Windows 10 Enterprise. The page has a navigation bar with 'Microsoft' and '평가 센터' (Evaluation Center), and links for 'Windows', 'Windows Server', and 'SQL Server'. The main heading is 'Windows 10 Enterprise'. Below it are links for '개요' (Overview), '무료로 시작' (Get it free), '설명' (Description), '필수 조건' (Requirements), '리소스' (Resources), and '지원 제품' (Supported products). The '개요' section contains text about using the evaluation version instead of a license. The '무료로 시작' section prompts the user to select a product environment. At the bottom, there are two download links: 'ISO - Enterprise 다운로드 >' (highlighted with a red box) and 'ISO - LTSC Enterprise 다운로드'.

The screenshot shows the download page for Windows 10 Enterprise. It features a table with two columns: '언어' (Language) and '버전' (Version). The '언어' column has '한국어' (Korean). The '버전' column has '32비트 버전 >' and '64비트 버전 >'. Below the table, there is a section for 'ISO - Enterprise 다운로드' (ISO - Enterprise download) with links for '32비트 버전 >' and '64비트 버전 >' (highlighted with a red box).

언어	버전
한국어	32비트 버전 >
	64비트 버전 >

ISO - Enterprise 다운로드

32비트 버전 >

64비트 버전 >
